Introduction

Welcomed to **"The OzBoy File" – "The Truth About Osama Bin Ladden"** in this book we will try and disprove all these videos & audio clips put out in the media are US Pentagon propaganda, also Bin Ladden is dead and has been since Dec 2001.

But before we do, its worth taking a look back in time to see when and where this propaganda campaign started from and we start off with 11th Sept 2001 Terrorist Attacks in New York City USA.

In nine years exhaustive and still growing evidence proves beyond any reasonable doubt that the Israeli Mossad along with help from dual Israeli – American Jews and the US government, spearheaded by the Bush administration, planned, orchestrated and executed the 11th Sept 2001 False Flag Terrorist Operation

11th Sept 2001 was a master plot, concocted by a handful of Israelis and dual passport Americans and carried out by the resources of the Mossad.

With Ex-Vice President Dick Cheney transferring all operational powers over the Police, FBI, CIA, NSA, Secret Service, US Military over to him and thus he tied up resources while running his War Games on the day which was a cover for the Israeli Mossad and these dual American – Israeli citizens to carry off these attacks.

<http://how911wasdone.com>

All the evidence and proof is listed on the above site, which will go into detail How These People Carried the Operation Off, and we name all the names of the main players involved.

Chapter 1

Motive behind 11th Sept 2001 Attacks?

Realization of the goals as formulated in the policy paper Clean Break, as well as the realization of the goals of the Project of the New American Century.

http://en.wikipedia.org/wiki/Project_for_the_New_American_Century

It all comes down to the strengthening of the American global supremacy by creating an excuse for obtaining a larger military presence in the Middle East where some 60 percent of the global oil reserves are located (PNAC-goal), as well as improvement of the geo-strategic position of Israel by eliminating its most important enemies (Iraq, Iran, Syria – > Clean Break-goal).

Why people like Dick Cheney were on-board somebody who made his career in the oil business and perfectly understood that oil was becoming scarce in the near future ('peak-oil').

For the rest it would be a mistake to perceive a too-big-a-difference between the American and Jewish / Israeli interests, since the Jews constitute without competition the dominant class in the US, who hold all the levers to power the visual and written media, the FED, Wall street, think tanks (AEI for instance), Hollywood, plus a large amount of organizations that cement the power of the Jews (AIPAC and ADL as important examples).

The circumstance that de facto American politics (Dems plus Reps) is controlled by the Jews was until recently only said aloud by the extreme Right, now this insight starts to be realised by the Left as well, mainly because of the work of Mearsheimer and Walt (in the Netherlands brought under the attention by the leftwing broadcasting organization VPRO).

That the Iraq-war was initiated by the (Jewish dominated) neocon-movement is so obvious that almost nobody denies that anymore.

As Project of the New American Century sets out a attack on the scale of Pearl Harbour would be needed to kick start the US Military machine into action, this is why 11th Sept 2001 Attacks had to happen.

Then America would declare a “War On Terror” upon the whole world and use the following excuses as a pretext to invade the following countries on its list (Afghanistan, Iraq, Syria, Iran, Egypt, Pakistan, Sudan, Somalia, and Russia) Iran & Russia are the jewels in the crown to these people to invade, over throw the Governments and take control of the resources for the sheer greed of Multi National Corporations who aren't interested in buying resources from these countries, they want to own & control them in a word (Theft) of other peoples assets.

As a pretext to invade these countries America would declare the countries on its list are: -

- Building Nuclear Weapons and plan to use them on the world
- Making Biological Weapons and plan to use them on the world
- Making Chemical Weapons and plan to use them on the world
- Countries would also be accused of hiding out and protecting Al Qa`eda Terrorist, and their country is infested with these Terrorist.

Then the US, Israeli, British Military propaganda machine would ratchet up fake stories in the media and the media in western countries all being under the control of Zionist Jew influence obediently publish these fake – false stories setting the stage for invasion of the above countries to take place.

Intelligence Agencies and Military from the above 3 countries USA, Israel, England would carry out Terrorist Attacks upon the local populations of the countries ready to be invaded blaming the mythical enemy “Al Qa`eda” and Bin Ladden for doing these attacks.

Chapter 2

Question: - If bin Laden were dead, Would the U.S. admit it?

Of course not because it would sink their whole plans of invading these countries to take over and control the resources, people would rise up and fight to the last man to kick these Americans and collaborators allies out of their country.

Which is why the propaganda machine US – Israeli Military and Intelligence Agencies and their Governments keep the myth about Bin Ladden and Al Qa`eda alive with fake – false audio tapes, video tapes.

Please take the time to look over the following evidence, its no great secret anybody can get this information from the Internet, which leaves a great big black cloud over western media why they haven't reported any of this?

If bin Laden were dead, Would the U.S. admit it?

"We're hunting him down," he said. "We're tracking him down. He's hiding. We **haven't heard hide nor hair of him for about, oh, since December**, in terms of anything hard." **Rumsfeld said...**

Evidence Bin Laden Is Dead

Translation of Funeral Article in Egyptian Paper
al-Wafd, Wednesday, December 26, 2001 Vol 15 No 4633
News of Bin Laden's Death and Funeral 10 days ago

A prominent official in the Afghan Taliban movement announced yesterday the death of Osama bin Laden, the chief of al-Qa'da organization, stating that bin Laden suffered serious complications in the lungs and died a natural and quiet death.

The official, who asked to remain anonymous, stated to The Observer of Pakistan that he had himself attended the funeral of bin Laden and saw his face prior to burial in Tora Bora 10 days ago.

He mentioned that 30 of al-Qa'da fighters attended the burial as well as members of his family and some friends from the Taliban.

In the farewell ceremony to his final rest guns were fired in the air.

The official stated that it is difficult to pinpoint the burial location of bin Laden because according to the Wahhabi tradition no mark is left by the grave.

He stressed that it is unlikely that the American forces would ever uncover any traces of bin Laden.

Chapter 5

Will The Real "Bin Ladden" Please stand up!

Bin Ladden in his younger days, and again prior to his death in Dec 2001, you will notice his skin, face, eyes which is all conclusive with a very, very, very sick man with kidney problems Bin Ladden close to his death and as we know with ALL kidney patients has to go on a kidney dialysis machine every 2-3 days

Above is the fake --- Above is the real

Where they got this little fat fellow from to stand in at the last minute beats me!

Its an insult to people intelligence to palm this little fat fellow off and think nobody would notice.

Tape 1) The first tape we all saw on TV was Bin Ladden, but it was a cut and paste job if ever there was one.

- Where he was shaking hands with the Cleric, Holy Man that shot was taken from a wedding he attended 12 months previously
- Then we have Bin Laden sitting on a blanket in the mountains having a picnic?

If people want to think it will only take 2 minutes and brains ""AMERICA was bombing the shit"" Out of Tora Bora Mountains at the same time they say this first video was made

So they are asking us to believe now Bin Laden was sitting out having a picnic while all the bombing going on around him!

The Zionist American Control media had a field day with this tape, and within 24 hours had everybody convinced YUP!

Bin Laden did it!

He just admitted to the crime!

Now we will analyse the tape and what he said! Or didn't say!

The video was shown on the news with English subtitles.

Bin Laden's voice was so barely audible that even viewers in Arab nations had to rely on the Pentagon's translated subtitles!

An obedient American (Zionist) news media accepted the Pentagon story and translation without question.

A few Arab media whores were even trotted out to vouch for the tape's authenticity.

Aha!

This is the "smoking gun" they assured us.

But this too is another vicious lie

On December 20, 2001, the German TV show Monitor (the "60 Minutes of Germany") found the translation of the "confession" video to be not only "inaccurate", but also even "manipulative".

Dr. Abdel El M. Hussein and Professor Gernot Rotter made an independent translation and accused the White House translators of "writing a lot of things that they wanted us to hear but cannot be heard on the tape no matter how many times you listen to it."

Even more compelling than the revelations of the European press are the actual images of the "confession video".

Every photo previously taken of Osama Bin Laden shows gaunt facial features and a long thin nose.

The Pentagon video of Bin Laden clearly shows a man with full facial features and a wide nose.

Examine the pictures side-by-side for yourself if you don't believe it.

The differences in facial features will jump right out at you.

Chapter 6

FRAMING BIN LADEN

Within minutes after the attack, a parade of politicians and "terrorism experts" appeared on every TV channel all claiming that the attacks were the work of Osama Bin Laden.

A traumatized American public swallowed it all hook, line, and sinker, just like the real perpetrators knew we would.

The Bush administration claimed that it had evidence linking Bin Laden to the attacks which it would release to the public in a matter of days.

They never did.

Just like they never provided any evidence that Al Qaeda blew up the US embassies in Africa in 1997.

The entire case against Osama Bin Laden was based on nothing but the repeated claim that he was the culprit for the embassy bombings and for 9-11.

It was a mass brainwash job from the very start.

Demands were placed upon the Taleban government of Afghanistan turn Bin Laden over to the US or face an attack (we established earlier that US military action had already been planned since June).

The Taliban offered to turn Bin Laden over to a neutral party if the US provided any evidence to them that he had anything to do with the 1997 US African embassy bombings or the 9-11 attacks.

The evidence was never presented to the Taliban for two reasons

1. There was never any evidence, not even circumstantial
2. The war to replace the Taliban with a US puppet government was already in motion.

The 9-11 attacks served as the perfect excuse, the "incident" to win the support of the American people and kick off the war.

Three months after the attacks, and with the bombing of Afghani peasants in full swing, the US had still not provided one shred of evidence to link Bin Laden and his Al Qaeda "network" to 9-11.

People in foreign countries were beginning to ask questions.

Then one day, the Pentagon claimed that some unnamed source found videotape in Afghanistan.

The Bush gang began dropping hints in the media that this video shows Osama Bin Laden bragging and admitting his role in the attacks.

How convenient!

And how improbable.

The “mastermind” of 9-11, who was so brilliant that he pulled off 9-11 without being detected, was careless enough to leave a “confession video” laying around to be discovered by the US!

The video was shown on the news with English subtitles.

Bin Laden’s voice was so barely audible that even viewers in Arab nations had to rely on the Pentagon’s translated subtitles!

An obedient American (Zionist) news media accepted the Pentagon story and translation without question.

A few Arab media whores were even trotted out to vouch for the tape’s authenticity.

Aha!

This is the “smoking gun” they assured us.

But this too is another vicious lie.

Would the Pentagon leadership be capable of such deception?

Why not?

They were capable of allowing 9-11 to happen weren’t they?

The Pentagon itself has even admitted the existence of a special department established for the purpose of planting false stories in the media in order to carry out strategic objectives.

The very Zionist and very pro-war New York Times broke a story in February 2002, which revealed that the Pentagon has plans to deliberately provide false stories to the press as part of an effort to influence policy.

100% Forgery

"The newly released Usama Bin Laden video is a an iron clad forgery, and not even a good one at that"

New Bin Laden Video 100% Forgery

Introduces martyrdom of hijacker who is still alive, references to current events occur during video freeze

The newly released Osama Bin Laden video is an iron clad forgery, and not even a good one at that.

All references to current events made by the figure said to be Bin Laden occur at a point in the video where the picture freezes and only audio is present.

Bin Laden also presents a pre recorded martyrdom video of one of the alleged 9/11 hijackers, Waleed al Shehri, who was reported by the BBC as still alive and well in Saudi Arabia.

Hits to Blogs such as **this one** have sky rocketed as they have been the first to point out the suspicious aspects of the video which has become public in full for the first time today

Osama Bin Laden's widely publicized video address to the American people has a peculiarity that casts serious doubt on its authenticity: the video freezes at about 1 minute and 58 seconds, and motion only resumes again at 12:30.

The video then freezes again at 14:02 remains frozen until the end. All references to current events, such as the 62nd anniversary of the U.S. atomic bombing of Japan, and Sarkozy and Brown being the leaders of France and the UK, respectively, occur when the video is frozen!

The words spoken when the video is in motion contain no references to contemporary events and could have been (and likely were) made before the U.S. invasion of Iraq.

The audio track does appear to be in the voice of a single speaker.

What I suspect was done is that an older, unreleased video was dubbed over for this release, with the video frozen when the audio track departed from that of the original video.

Also of note is the fact that when Bin Laden begins to talk about the 19 hijackers the video becomes jerky as if some of it has been edited out or altered.

Meanwhile **ABC's The Blotter** is reporting that a second tape from Osama bin Laden was recorded in the same location as the video released last week

People in the intelligence community who have seen the tape feel it is directly related to the 9/11 anniversary since the al Qaeda leader introduces the prerecorded martyrdom video of one of the 9/11 hijackers, Waleed al Shehri.

Waleed al Shehri was one of the hijackers on American Airlines flight 11 that crashed into the North Tower of the World Trade Center.

No, actually Waleed al Shehri was not one of the hijackers on flight 11, as **reported by the BBC** and other mainstream media outlets shortly after 9/11.

The report which was quickly memory-holed in the aftermath of the attacks stated

Saudi Arabian pilot Waleed Al Shehri was one of five men that the FBI said had deliberately crashed American Airlines flight 11 into the World Trade Centre on 11 September.

His photograph was released, and has since appeared in newspapers and on television around the world.

Now he is protesting his innocence from Casablanca, Morocco.

He told journalists there that he had nothing to do with the attacks on New York and Washington, and had been in Morocco when they happened.

He has contacted both the Saudi and American authorities, according to Saudi press reports.

So ask yourself this, why is Osama Bin Laden under the impression that this man was on board flight 11, and why does he have a martyrdom video starring this man when this man is still alive and is not being held nor sought by the FBI in connection with 9/11?

The actual release of the video has been delayed in order to whip up a media frenzy ahead of the sixth anniversary of the attacks.

US intelligence and mainstream media outlets have both had possession of the video for a number of days if not weeks now, it has only been leaked onto the internet today.

Yet **reports** continue to be written stating: "For the first time in nearly three years, the new-look bin Laden will be unveiled on television screens across the world when he releases a televised statement to mark the sixth anniversary of the September 11 attacks."

Osama Bin Laden does not control the US intelligence agencies or the mainstream media, there has been a conscious decision to delay the release of the video in order to give it maximum impact on the anniversary of 9/11.

In this sense, even if you still choose to believe that the videos are authentic Al Qaeda productions in the face of all the evidence to the contrary, there is no denying that our own media at the behest of the government is using the tapes as propaganda.

The failure on the part of any mainstream media source to question or even to mention at all the highly suspect freezing in the video at the exact points where Bin Laden speaks of current events is scandalous and betrays a total lack of willingness to properly investigate and report accurate information.

To their credit some analysts have pointed out the wholly **fake beard** that "Osama" has apparently donned, while other apologists have attempted to pass it off as an "image change" for the terrorist leader, saying he has dyed his beard and hair in an attempt to appear younger and more stern, which some, including the intelligence agency linked **SITE Institute**, have laughably claimed is "common practice" amongst Muslim men.

In reality it is wholly uncommon for Muslim men to dye their beards black.

Previously released Bin Laden videos have been revealed to be old footage dating from five years ago, yet have **still been passed off as new** by the mainstream media.

In our **previous article**, we outlined how almost every so-called "Al-Qaeda" tape has been released at the most politically opportune time for the Bush administration and the Neo-Cons.

We also emphasized the conclusions of our previous investigation concerning IntelCenter, the so-called "middleman" behind the As-Sahab terrorist media arm of Al-Qaeda and the public release of the tapes.

In reality, all the evidence points to IntelCenter itself directly releasing the tapes in its role as a front for the military-industrial complex.

In addition, intelligence sources have **made it clear** that they see Adam Gadahn, aka Adam Pearlman, as the scriptwriter of the latest Osama Bin Laden video.

The CIA would have us believe that Gadahn is "American Al Qaeda", the US citizen gone bad.

However undertake a modicum of research into Gadahn and you will discover from mainstream news reports that he is a hardcore Jewish Zionist who once wrote stinging essays condemning Muslims as "bloodthirsty terrorists,".

The propaganda can be no better emphasized than with a cursory analysis of stills of the new video. Who added the new backdrop depicting a plane flying into an 11 and a 9?

It certainly was not present in the actual video nor in stills released last week.

So exactly who is helping Bin Laden out with his public image this week?

The continued perpetuation of this myth has reached the point of farce now.

There can be no doubt anymore that these crudely edited and forged propaganda tapes that are being foisted upon the American people represent nothing more than a contrived Neo-Con hoax to reinforce the flagging official version of 9/11 and the legitimacy of the so-called war on terror.

A Sibel Edmonds 'Bombshell' - Bin Laden Worked for U.S. Until 9/11

"For example, to say that since the fall of the Soviet Union we ceased all of our intimate relationship with Bin Laden and the Taliban - those things can be proven as lies, very easily, based on the information they classified in my case, because we did carry very intimate relationship with these people, and it involves Central Asia, all the way up to September 11."

Ryland: A Sibel Edmonds 'Bombshell' - Bin Laden Worked for U.S. Until 9/11

Edmonds expert fills in details from recent BRAD BLOG interview with noted, gagged FBI translator/whistleblower...

During my recent interview with FBI translator-turned-whistleblower Sibel Edmonds on the Mike Malloy Show, a caller had asked her opinion on whether she believed 9/11 to have been "an inside job."

Edmonds replied by first specifying

"As I have done for the past 7 or 8 years, I have basically stuck with what I know, first-hand, directly, my own knowledge, based on my own experience, based on what I obtained, which is not a lot, but it is extremely important."

After explaining the difference between what she does and doesn't know first hand, she went on to explain: -

"I have information about things that our government has lied to us about.

I know.

For example, to say that since the fall of the Soviet Union we ceased all of our intimate relationship with Bin Laden and the Taliban - those things can be proven as lies, very easily, based on the information they classified in my case, because we did carry very intimate relationship with these people, and it involves Central Asia, all the way up to September 11." ...

Her complete response, pulled from the lengthy interview ([full, commercial-free audio here](#)) has been [transcribed by Luke Ryland](#), perhaps the world's foremost expert in all things Sibel Edmonds related.

Former FBI translator [Sibel Edmonds](#) dropped a bombshell on the [Mike Malloy radio show](#), guest-hosted by [Brad Friedman](#) ([audio, partial transcript](#)).

In the interview, Sibel says that the US maintained 'intimate relations' with Bin Laden, and the Taliban, "all the way until that day of September 11."

These 'intimate relations' included using Bin Laden for 'operations' in Central Asia, including Xinjiang, China.

These 'operations' involved using al Qaeda and the Taliban in the same manner "as we did during the Afghan and Soviet conflict," that is, fighting 'enemies' via proxies.

As Sibel has [previously described](#), and as she reiterates in this latest interview, this process involved using Turkey (with assistance from 'actors from Pakistan, and Afghanistan and Saudi Arabia') as a proxy, which in turn used Bin Laden and the Taliban and others as a proxy terrorist army.

After filling in many of the details, with scores of informational links to support the allegations, Ryland summarizes thusly:

The bombshell here is obviously that certain people in the US were using Bin Laden up to September 11, 2001.

It is important to understand why: the US outsourced terror operations to al Qaeda and the Taliban for many years, promoting the Islamization of Central Asia in an attempt to personally profit off military sales as well as oil and gas concessions.

The silence by the US government on these matters is deafening.

So, too, is the blowback.

Flashback: Bin Laden says he wasn't behind attacks

Islamic militant leader Osama bin Laden, the man the United States considers the prime suspect in last week's terrorist attacks on New York and Washington, denied any role Sunday in the actions believed to have killed thousands.

In a statement issued to the Arabic satellite channel Al Jazeera, based in Qatar, bin Laden said, "The U.S. government has consistently blamed me for being behind every occasion its enemies attack it.

"I would like to assure the world that I did not plan the recent attacks, which seems to have been planned by people for personal reasons," bin Laden's statement said.

Bin Laden says he wasn't behind attacks

September 17, 2001 Posted: 11:21 AM EDT (1521 GMT)

DOHA, Qatar (CNN) -- Islamic militant leader Osama bin Laden, the man the United States considers the prime suspect in last week's terrorist attacks on New York and Washington, denied any role Sunday in the actions believed to have killed thousands.

In a statement issued to the Arabic satellite channel Al Jazeera, based in Qatar, bin Laden said, "The U.S. government has consistently blamed me for being behind every occasion its enemies attack it.

"I would like to assure the world that I did not plan the recent attacks, which seems to have been planned by people for personal reasons," bin Laden's statement said.

"I have been living in the Islamic emirate of Afghanistan and following its leaders' rules. The current leader does not allow me to exercise such operations," bin Laden said.

Asked Sunday if he believed bin Laden's denial, President Bush said, "No question he is the prime suspect. No question about that."

Since Tuesday's terrorist attacks against the United States, Bush has repeatedly threatened to strike out against terrorism and any nation that supports or harbors its disciples.

Bin Laden, a wealthy Saudi-born exile, has lived in Afghanistan for several years. U.S. officials blame him for earlier strikes on U.S. targets, including last year's attack on the USS Cole in Yemen and the bombings of the U.S. embassies in Tanzania and Kenya in 1998.

Bin Laden's campaign stems from the 1990 decision by Saudi Arabia to allow U.S. troops into the kingdom after the Iraqi invasion of Kuwait -- a military presence that has become permanent.

In a 1997 CNN interview, bin Laden called the U.S. military presence an "occupation of the land of the holy places."

Immediately after the attacks that demolished the World Trade Center's landmark twin towers and seriously damaged the Pentagon, officials of Afghanistan's ruling Taliban said they doubted bin Laden could have been involved in carrying out the actions.

The Taliban -- the fundamentalist Islamic militia that seized power in Afghanistan in 1996 -- denied his ties to terrorism and said they have taken away all his means of communication with the outside world.

The repressive Taliban regime has received almost universal condemnation, particularly for their harsh treatment of women. Only three countries, including Pakistan, recognize them as the country's rightful government.

A high-level Pakistani delegation was set to travel to Afghanistan on Monday to urge Taliban supreme leader Mullah Mohammed Omar to hand over bin Laden, CNN learned Sunday.

The Taliban, which controls more than 90 percent of the country, has threatened any neighboring country that allows its soil to be used to help the United States stage an attack on Afghanistan.

CONFIRMED: "Bin-Ladin Hunt PHONEY"-Bush Admin NEEDED Him To JUSTIFY Military Expansionism(Juan Cole)

The USC Open Source Center translates an article from the Persian Afghan press alleging that French troops were at one point close to capturing Usamah Bin Ladin in Afghanistan, but that American forces stopped them from doing so.

It says that a forthcoming French documentary containing interviews with the French soldiers provides proof for the allegation.

The argument is that the Bush administration needed Bin Ladin to be at large in order to justify its military expansionism.

Afghan article says US Bin-Ladin hunt phoney

The USC Open Source Center translates an article from the Persian Afghan press alleging that French troops were at one point close to capturing Usamah Bin Ladin in Afghanistan, but that American forces stopped them from doing so.

It says that a forthcoming French documentary containing interviews with the French soldiers provides proof for the allegation.

The argument is that the Bush administration needed Bin Ladin to be at large in order to justify its military expansionism.

Bin-Ladin on the run?

The rumour which was fact, by Afghan independent secular daily newspaper Hasht-e Sobh on 29 September

So, the rumour was right: French soldiers trapped Usamah Bin-Ladin, but were not allowed by the Americans to arrest the apparent fugitive leader of Al-Qa`idah.

A Bin-Ladin documentary just released by French documentary cinema examines this issue, an issue which has led to heated debate in the French media.

This French documentary shows how the Americans are interested in continuing the game, a bloody and expensive game whose victims are only the unprotected and local people of our dry and dusty country.

It was last year that rumours spread about this report in Kabul, but it has not been taken seriously by the media.

But watching this revealing French documentary changes the rumours into disturbing facts.

"Bin Laden, the failings of a manhunt", produced by Emmanuel Razavi and Eric de Lavarene, two French filmmakers and reporters, assesses and confirms the claims of French soldiers that they could have killed Usamah within two operations, but the American forces prevented them.

This film has not been broadcast publicly yet and is to be broadcast by Planet, a French network.

Even though French soldiers have insisted on this in the battlefield many times, the Elysees Palace in Paris and the White House in America have rejected this, and the Afghan leadership does not have any information about it yet!

The main question that arises is the extent to which the "Bin Laden on the run" project is a problem for America and Afghanistan.

Seven years of suicide bombing and explosions, blood and violence, unmanned fighter planes, and old vehicles full of explosives, all to catch a long-bearded Arab whom America apparently hates?

And an Arab who worked for the CIA in the name of Allah, and who now, also in the name of that same Allah, has conducted a jihad against that same CIA?

Facing the facts in this Usamah film is a bitter and disturbing experience and will make you nervous and wish that what it is that you are watching is just a baseless rumour, or a figment of Hollywood's imagination.

But it is not.

The pictures are real and you are facing a debate in documentary form.

The only justification for the bloody presence of America in Afghanistan is the ambiguous existence of Usamah Bin-Ladin and the Al-Qa'idah terrorist network.

George Bush, with his "war on terror" project, has transformed the middle east and Afghanistan into an inflamed bomb ready to explode, but has not found out anything about his beloved lost Usamah Bin-Ladin so far.

What is seen, and the film also emphasizes this, is that all these slogans, this fighting and killing are a game, a painful and prolonged game whose end even the players do not know and which is running out of control.

Apparently, it is a game of cat and mouse, just like "Tom and Jerry", the famous cartoon.

But it is a reality that the stubborn one from Texas does not want to catch the mouse - unlike credulous Tom - and that the long-bearded Wahhabi Arab does not want to hide - unlike the intelligent and roaming Jerry.

Their prolonged game has made not only the audiences tired but has also transformed the playground into a big pool of blood.

There have always been questions that neither the politicians have been willing to answer, nor the independent western media to raise.

If Usamah is not the lost one of the Americans, then who is?
What are the Americans searching for in Afghanistan and who are they looking for?

The main media in the West remained silent before the report of the Usamah Bin-Ladin arrest by French soldiers.

And, through a news boycott, they reduced a certain fact to a rumour.

Certainly, they will do the same before this film, too. But instead they will try to complicate the scenario.

More painful than anything else is the political fair in Kabul, a poor fair where everyone offers his despicable commodity - a combination of generous western customers and thankful sellers of the country.

Everyone knows the fact, like "an obvious secret", but no one wants to irritate the delicate minds of their nervous guests, guests who will be staying at home until the new year.

Politicians try to forget such news in Kabul, and this is the advice they give to the people.

Forgetting and ignoring such facts is possible, but how can we forget and ignore the bombs exploding next to our houses every day?

Bombs which sometimes rise from the ground and sometimes descend from the air.

I would say **The OzBoy File – The Truth About Osama Bin Laden** has made its case about Bin Ladden and the mythical Al Qa`eda, its all an American – Israeli creation used to cover the real objectives of the War On Terror and that is to invade and take control of other countries assets.
